Location
For the precise location, see the pin on Google maps above. Turre is approximately 7 km to the beaches of Mojacar and Garrucha. Turre was originally a Moorish settlement created after the invading Christian armies of the Catholic Monarchs expelled the Moors from the nearby village of Mojacar in 1488. It was originally called Turris, after the Latin for tower, probably because there was a watchtower at the location of the new settlement.
