

3 soveværelse Villa til salg i Casares, Málaga

728.500€

Welcome to Seaviews Villa Collection - a new project composed of 12 luxury villas in the hills of Finca Cortesin.

The properties are positioned on a gentle hillside with south-facing orientation offering spectacular views of the Mediterranean Sea. The views stretch from the mountains of Marbella to Gibraltar and on a clear day, the coast of Morocco.

The design of the 12 luxury homes is modern and attractive from the outside. Large outdoor spaces offer an extension of your home with large terraces and gardens.

The modernity is also reflected on the inside with large open-plan spaces that take advantage of the location to bring a flood of natural light to your new homes.

The interiors are spacious and generous in size with the constructed area reaching 190m².
