Each one of our Villas has its own personality. Their individual interior designs identify each villa as something really special. Each Villa is unique. A blend of high-end finishes, excellent materials, and timeless design.

This villa offers a unique design and original curved architecture that is a true pleasure for the eyes

This elegant four-story luxury villa features an open-plan kitchen, fully equipped, dining and living area on the ground floor, with large spacious terraces surrounding the villa to enjoy life outdoors. The curved forms of the swimming pool correspond to the villa's rounded corners.

Three suites with their own private bathrooms and a beautiful terrace can be found on the first floor, while a large terrace in the solarium showcases panoramic views of the Mediterranean Sea. The garage, office, a bathroom, multipurpose room, and a patio are located in the basement.

All four levels are connected via a spiraling staircase in perfect harmony with the curved shapes of the house.
