Project Villa

This striking villa, in a pleasant central location, is intriguingly modern, with an impressively well-conceived floor plan. Great views this property leaves barely any wish unfulfilled and would, therefore, be the perfect rental proposition of the highest standard.

Extremely attractive, yet easy to maintain, exterior areas, inclusive of a sprawling pool landscape with expansive open terraces, make this exceptional new-build project not only a superb eye turner, but also a paradisiacal dwelling oasis with the kind of glamour that will appeal to the purists.
