495.000€

This bar restaurant between the towns of Tolox (well known for its hot springs) and Coín is located at the foot of the A-366 road and consists of a huge area dedicated to the dining room and the counter, as well as a large kitchen and an interior patio of pleasant shade. In addition there is a grass area for a playground. On the upper floor we find the part dedicated to housing, equally spacious, especially the terrace that overlooks the road, and with everything that is needed for a full family to live there, including a jacuzzi.
