

Jord til salg i Huercal-Overa, Almería

28.000€

This 5000 m² plot of irrigated land in Santa Maria de Nieva is divided into two sections. The first section, covering 2000 m², is planted with olive trees, while the second section, spanning 3000 m², is planted with almond trees. The property benefits from the proximity of mains electricity and water sources, making it an ideal location for agricultural activities.
