MAGNIFICENT COUNTRY MANSION - PRIVATE ESTATE

The impressive property is located in a secluded valley 12km North of Ronda surrounded by the richly forested hillsides of a large private estate comprising 70 acres, that befits such a palatial property. Although built less than 0 years ago, this splendid & unique property oozes old world charm, with an ambience resembling the era of Italian renaissance architecture.

The living space has immense charm and equally immense proportions, offering over 700m² of habitable space. This truly is real grandeur combined with exquisite understated good taste - it is impossible not to be captivated by the elegance and charm of this captivating property.

The entrance is through enormous wooden gates that open to reveal a richly planted, traditional Andalusian courtyard. The villa extends around the courtyard, with three sides having impressive arched colonnades.

A huge, beautifully furnished hallway runs the entire length of the central wing of the house, with the principal living rooms located on each side. At the far end of the hallway is the kitchen - it is huge (like all the rooms here!) and impressively equipped with top quality appliances - a professional chef's dream! It contains stainless steel cupboards, marble work surfaces, an American style fridge/freezer, dishwasher, an enormous five-ring hob, double ovens, a microwave - even an open fire to cook on too - and an Espresso coffee machine. There is also of plenty of space for a large breakfast table.
