This is a really nice village house that just needs some modernising and internal updating, then it would be ideal for a family to live there full time and of course perfect as a holiday home. The village is not far from Martos and is also about 20 mins from a lovely lake. It has full amenities and the streets in this village are wide and flat, so no steep climbing and there is parking right outside the property.

This property has 2 entrances to the ground floor. There is a living room plus fitted kitchen, bathroom, 2 double bedrooms and access to the outside patio at the back. There are some outbuildings here that could be converted into a workshop / study maybe or taken down to enlarge the patio.

On the 1st floor there are 2 more bedrooms that just need finishing.

Not much to do with this house to turn it into a perfect home, a real bargain for this lovely village.
