

3 soveværelse Byhus til salg i Martos, Jaén

60.000€

This property is located in Martos, in the old town, and is near all amenities and services. It is structurally sound, just in need of some updating and modernising.

Downstairs, there is a hallway, sitting area, lounge, kitchen and bathroom. There is access to the patio area where a utility area, another bathroom and an out building can be found. There is a nice garden area here too and the out building could be either reformed for more storage space or a studio etc or demolished to make a nice terrace. Upstairs you will find 3 good sized bedrooms and a room currently being used as a dressing area, but could also work well as an office. One of the bedrooms is in need of some cosmetic updating. There is access to the top floor, which is being used just for storage at the moment but is a blank canvas waiting for you to add your own stamp to it. This property is in walking distance of bars, shops and other amenities and would make a great home once a few finishing touches have been completed. It would also make a great rental to locals so a good investment either way.
