Galera cave josefa

This Spanish-style cave is partially reformed. This is a great renovation project. Set on the edge of Galera, in a very quiet location, this is a large cave on two storeys. There is a very large front patio with fenced garden to the side. The second storey needs full reform and has a balcony facing south with great views over the badlands. There is a large garage/workshop that gives access to another cave and a water deposit. The property is located near the end of the road with two cave properties situated beyond it.
