

2 soveværelse Villa til salg i Algueña, Alicante

149.995€

This beautiful property is just a short walk from the village centre with all amenities. The main house comprises a 35m² veranda, a living room, a separate fitted kitchen, 2 bedrooms and a bathroom. It's not very big (83m²) but it's big enough for two people to live in comfortably. The garden has been tastefully landscaped and to the rear there are 2 sheds of 25 and 12m² and a 35m² car port. An additional bedroom could be created by converting one of the two sheds. There is an above-ground swimming pool and also a 10 x 10 pond 2 metres deep that could be converted into a swimming pool. It has water, electricity, internet and air conditioning. Just 40 minutes from the airport and beaches.
