279.000€

Are you looking for a big family townhouse in the heart of the white washed village of Torrox? This amazing property could be just what you are looking for. The townhouse has two separate entrances as it was originally two independent properties but they have been connected to make one big house.

We enter the property through a gated access onto an outdoor patio area shaded by a grapevine. Here we find a door that opens into a storage room, which was originally a donkey's house. To the right of this we have the first entrance to the property, where we find a small kitchen area and bathroom with shower on the ground floor. A flight of stairs take us to the first floor where on the left hand side we have the double bedroom with its own independent terrace area with nice mountain views. Back to the staircase on the right we have a nice cozy lounge with a door that takes us into an internal patio area; this is where the connection between the two houses was made. Through here a door leads us into the second property; on this floor we have the fully fitted kitchen and a bedroom which has been converted into a sitting/living room area. Down a flight of stairs we have the main entrance to this second property and also a fully fitted bathroom on this floor. Back to the first floor, a flight of stairs take us up to the master bedroom with a bathroom with shower also located next to this. Through a small corridor we access onto a spacious living room area which opens onto a lovely covered outdoor terrace with a small kitchen area. From here, going up, we find three more levels with three independent terraces, ideal to relax and enjoy the amazing climate that this town has to offer and also the incredible views towards the mountains, the town and the Mediterranean Sea.

On the last terrace we find a small storage room and also a door that opens onto the back of the property and onto a street where you can park your car easily, this is also ideal to unload your groceries as it is only a short distance to the property.
