379.900€

Exclusive New Build Bungalows with 3 bedrooms and 2 bathrooms in Finestrat, Benidorm

This exclusive new development is located in Finestrat, near Benidorm, one of the most touristic areas in Europe. The homes offer a unique living experience by combining a peaceful natural environment with the proximity to all the amenities and entertainment that Benidorm has to offer. The location offers easy access to the AP-7 motorway, which provides excellent connections to the rest of the Costa Blanca.

The bungalows are designed with comfort, style and sustainability in mind. They offer modern living spaces with plenty of natural light and high-quality finishes. The spacious living areas feature large windows for plenty of natural light, which contributes to an open and airy feel. The kitchens are finished in a modern design with concealed handles, porcelain worktops and a stainless steel sink. The combination of high-quality materials makes the kitchens functional and attractive.

The bedrooms are equipped with built-in wardrobes that are lined with textile on the inside, which gives a luxurious feel and plenty of storage space. The bedrooms are modern and offer a comfortable and peaceful place to relax.

The bathrooms are equipped with designer quality sanitary ware, mixer taps and spacious shower trays. The countertop washbasins are placed on hanging bathroom furniture and the walls are finished with porcelain stone, which creates a stylish and functional space.

All homes come standard with automated roller shutters, high-quality PVC windows with thermal break and double glazing for energy efficiency. Pre-installation of air conditioning via ducts ensures a comfortable living environment. The homes are also equipped with an aerothermal system for hot water and a high-quality electrical installation with LED lighting and telecommunications connections in every room.

The homes feature a video intercom system and video surveillance in the communal areas for added security.

Optional extras include underfloor heating in the bathrooms, a charging point for electric vehicles, air conditioning, a jacuzzi, home automation and a comprehensive lighting package.
