

Byhus til salg i Villena, Alicante

59.500€

Large house with garages to reform in the centre of Villena. We are proud to offer for sale, this fantastic opportunity in the centre of the town of Villena. ||| This three story house with a roof terrace, and courtyard, is in a lovely area of Villena, walking distance to all the services, and with twin garages, which could be converted to further living if required. ||| The house is for complete reform, and this isn't a reform for the faint of heart - as everything needs doing. However, the house does retain many of its original features, and with a sympathetic reform, this would be an absolutely amazing home. The central staircase alone is full of character, and all the rooms are of a good size. ||| The house is structurally sound, stone built, however we would recommend an inspection of the roof etc. ||| Please get in touch with us to arrange a viewing of this lovely grand house. ||
