A magical retreat in the heart of nature in Tenerife

Among the green hills of our beautiful island of Tenerife, a charming cave house emerges, a gem of natural architecture that integrates in perfect harmony with its surroundings.

With approximately 40 m<sup>2</sup> of surface area, this home offers a cozy and unique space, where peace reigns and time seems to stand still amidst the whisper of the wind and the scent of damp earth.

The property includes a fenced rustic estate of about 3,200 m<sup>2</sup>, an oasis of vibrant and wild vegetation. As a perfect complement, there is an additional plot of 6,800 m<sup>2</sup> of timber-producing pine forest, a natural wealth that not only beautifies the surroundings but also connects with the island's history and its Guanche roots. In total, nearly 10,000 m<sup>2</sup> of rustic land to live, dream, and invest.

The installation for electric light is already planned, although this place is enjoyed at its fullest under the sunlight and the starry sky of the Canaries, recognized as a World Heritage site. Ideal for nights of stargazing and unforgettable moments.

Includes a 4x4 Jeep, perfect for exploring the surroundings and living the adventure without limits.

The house is perfectly distributed and equipped:
