The Madroño apartments combine the spaciousness and exclusivity of a villa with the comforts of living in a luxury apartment. Two blocks with only 8 apartments each, managing to raise the concept of villa to heights with one of the most prestigious views in Las Colinas.

Space, sunlight, superior design and spectacular views.

Curated interiors designed by the international architect Manuel Clavel that expand harmoniously to connect with nature.

Clavel Arquitectos shows a new idea of luxury based on the “new warm contemporary design”; focused on the outline of spaces with pleasant shapes, earthy colour scheme and an atmosphere connected to the outdoor living, inside.
