

2 soveværelse Villa til salg i Orihuela Costa, Alicante

167.000€

Splendid first floor corner apartment with two bedrooms and one bathroom, with about 55 m2, plus the terrace, located in a residential area with very large landscaped green areas and private parking. It has a wonderful terrace with unobstructed views of the green area. It is oriented to the southwest and is completely renovated with excellent qualities. With a privileged location, just opposite the main access to the Villamartín Golf Course and next to the Villamartín square. Great investment, both to enjoy your holidays or habitual residence, as well as the golf and leisure that the area offers or to make it profitable with holiday rentals that would be in high demand due to their strategic location in front of access to the golf course. Shall we schedule your visit?
