

3 soveværelse Byhus til salg i Alcaucin, Málaga

175.000€

Adosado Bennetto is a well-presented townhouse on the edge of Alcaucin and within a short drive of the National Park. The terraced property is on 3 floors so there are stairs to consider, however the property has been well maintained having been used only as a Holiday home and benefits from a communal pool. The entrance door opens into a small hallway with cloakroom, and into a separate fully fitted kitchen with granite worktops. The lounge / diner has 2 sets of patio doors leading out onto a terrace with ample space for entertaining, and log burner. Upstairs you will find the Master Bedroom with its own small terrace, and bathroom with bath. The 2 further bedrooms are located on the lower terrace and are both twin/ double and share a family bathroom. There is also a large, integrated garage with utility area and storage space and the property. A quiet, "lock up and leave" property, ask for more details.....
