

4 soveværelse Villa til salg i Ciudad Quesada, Alicante

799.000€

Petra Hönig Inmobiliaria in Ciudad Quesada is proud to present this elegant and contemporary detached villa, ideally situated in the heart of the highly sought-after Ciudad Quesada.

Completed in 2020, this home features a bright and tasteful design with clean lines and quality finishes throughout. While more compact than some, its clever layout across two main floors plus a rooftop level ensures excellent functionality, light, and comfort in every space.

Ground Floor:

The entrance opens to a comfortable living area with an open-plan kitchen and an adjoining utility room. The large windows invite plenty of natural light, giving the interior a warm and airy feel. This floor also features a guest bedroom and a modern bathroom, making it ideal for visitors or convenient single-level living.

First Floor:

Upstairs, you'll find two well-proportioned bedrooms, both with their own en-suite bathrooms. One bedroom includes a walk-in wardrobe, while the other provides access to a private balcony that overlooks the plot.

Rooftop Level:

At the top of the home is a versatile fourth room, currently used as an office, along with two generous terraces offering panoramic views over the surrounding area, the salt lakes, and even glimpses of the Mediterranean Sea.
