Descripción de la ubicación

Torrevieja is a coastal city, located in the south of the province of Alicante, within the Vega Baja region. It is situated in a landscape of high scenic and ecological value on the shores of the Mediterranean and next to the Lagoons of La Mata and Torrevieja, one of the most important wetlands in the Valencian Community and one of the largest salt exploitation sites in Europe. The salt-producing city enjoys a Mediterranean climate heavily influenced by the proximity to the sea, resulting in a very mild average annual temperature and a large number of sunny hours per year, making Torrevieja an idyllic place to reside and enjoy the Mediterranean. With a total of 14 km of coastline, the extensive Torrevieja shoreline offers a multitude of beaches, rocky coves, and spots of exceptional beauty: from La Mata beach to Punta Prima, passing through Los Locos, El Cura, Los Náufragos, and Cala Ferrís. Aguas Nuevas is a residential district with quiet spaces, away from the hustle and bustle of the first line of the coast, but perfectly equipped with all kinds of commercial and sports infrastructures mainly. In this area, the renowned sports city is located, . It is very well connected with Los Locos Beach, the most well-known coves, La Mata Beach and Natural Park, and with the central district of Torrevieja.
