Pininfarina Architecture has developed the interior design project, elevating this Sky Villa to the top of luxury and exclusivity. Floated Retreat: The Mediterranean experience is transcended, for this sea-side Sky Villa, to fit a more marine look, inspired by yachts and sail boats interiors, where this harmonious contrast is amplified through the use of refined shapes and contrasting yet connecting colors. A retreat offshore, drifting away. The floating atmosphere creates a soothing and liberating sensation in this nautical-like environment. A new concept of housing that will make a difference. It has transformable interiors to enjoy the stay in a unique space. We go beyond the classic open concept of living room, kitchen and dining table. We added the space of the main room, through sliding walls, with the aim of obtaining the greatest possible feeling of spaciousness through a greater width of the spaces. Without forgetting the guaranteed sea views, privacy, large terraces and sustainability. These design projects are not executed and may be applicable to all Sky Villas. It will be up to the owner to implement them. The sale price does not include the design adaptation, Pininfarina's fee and selected pieces of furniture. Homes with wide customization possibilities according to your tastes and needs. The common areas include everything one could wish for. Sculptural pergolas, design main hall with the possibility of a concierge, welcoming tours through green areas, coworking area, pilates room, large gym with the latest technologies, sauna, Turkish bath, heated pool, massage room, utility room multiple, terraces with bar service, covered and uncovered solarium and large outdoor pool among others. The Dior brand has been chosen to furnish the gymnasium with the most advanced high end equipment. This is an exciting choice, available only to a
