Descripción de la ubicación

Torrevieja is a coastal city, located in the south of the province of Alicante, within the Vega Baja region. It is situated in an area of high landscape and ecological value on the shores of the Mediterranean and next to the Lagoons of La Mata and Torrevieja, one of the most important wetlands in the Valencian Community and one of the most significant saltworks in Europe. The salt-producing city boasts a Mediterranean climate heavily influenced by its proximity to the sea, resulting in a very mild annual average temperature and a large number of sunshine hours each year, making Torrevieja an idyllic place to live and enjoy the Mediterranean. With a total of 14 km of coastline, the extensive Torrevieja shoreline offers numerous beaches, rocky coves, and wonderful spots: from La Mata beach to Punta Prima, passing through Los Locos, El Cura, Los Náufragos, and Cala Ferrís. Aguas Nuevas is a residential district with quiet spaces, away from the bustle of the first line of the coast but perfectly equipped with all kinds of commercial and sports infrastructures mainly. In this area, the renowned sports city, is located. It is very well connected with Los Locos Beach, the most well-known coves, La Mata Beach and Natural Park, and with the central district of Torrevieja.
