114.000€

Now you can have a beachside apartment for less than you imagine. A spacious, comfortable home with plenty of natural light. There are no buildings in front, so the view is open and you really feel the space. And an important detail: being on the fourth floor, the light comes in beautifully, but without direct sun —perfect if you want a bright and fresh home all year round. The location makes life easy: close to the centre and with all essential services nearby. Supermarkets, cafés, restaurants, public transport... everything flows effortlessly here. In summer, the communal pool is that little break you'll appreciate after a long day, or simply to disconnect for a while. If you're looking for a practical, well-located apartment with pleasant light, this could be the one. Come and see it!
