Land with spectacular sea views in Atogo

A unique opportunity to acquire a rustic plot of 530 m<sup>2</sup> with already completed clearing and wall, located in a peaceful rural settlement area with access via paved road.

Its privileged location offers stunning open views of the sea and the natural surroundings, ideal for those seeking a space to create their own corner of tranquility or develop a charming project.

The plot has an approximate buildable area of up to 220 m<sup>2</sup> per floor, according to current regulations (consult). Thanks to the already prepared land (leveled and with retaining walls), it is ready to realize its potential for various uses compatible with the environment.

A perfect option for those who value nature, the sea, and privacy, without sacrificing the convenience of quick and easy access from the main road.

A jewel with endless possibilities. Come visit it and be inspired by its surroundings.
