Imagine starting the day with the sea breeze coming in through the balcony and the beach just a few steps from home. This bright first-floor apartment on Calle Astilleros offers you the opportunity to create a home tailored to your needs in the heart of El Cabanyal, one of Valencia's most characterful neighborhoods. Here you can enjoy sunset walks along the Malvarrosa Promenade, meals on terraces by the sea, and an authentic neighborhood life, where everything is within walking distance and the sea is part of your daily routine. The living room, filled with natural light and with direct access to the balcony, invites you to open the doors and let the outside become part of your day-to-day life. The property has three bedrooms, ideal for a family, guests, or a home office, and an independent kitchen with multiple possibilities for reconfiguration in a future renovation. It is the perfect canvas to design your refuge by the Mediterranean, maintaining the essence of a typical Cabanyal house. It features split air conditioning in the living room and a pleasant communal garden, a small luxury just a few meters from the beach. A home like this, in the second line from the sea, is an opportunity to begin a new chapter where each day feels like summer.
