The Apartment

Imagine this: you come home from the beach, your feet still a little sandy, sunglasses in your hair. You walk straight upstairs (or take the lift), turn on the air conditioning, slide open the windows in the naya, and feel the sea breeze. This is exactly why you'd want this apartment. Light, fresh, move-in ready. And everything you need is within walking distance.

This apartment on Carrer Saint Tropez has been recently renovated—and you can feel it instantly. The atmosphere is relaxed, stylish, and ready to move into. You'll live in a well-kept building with a lift, a private covered parking space, and everything within reach. Beach, supermarket, restaurants, shops, even the padel court—it's all right here.

The Area

The location is just right: just behind the Arenal. Yes, it's the tourist heart of Jávea. But also the place where you can enjoy salsa nights at Bambula, party late at Achil, or just have a beer and bitterballen at Otra Vez.

If you're looking for more than tapas and tourists, there are also surprisingly good restaurants within walking distance. Think of Tula with a Michelin star, or Tosca for a stylish night out. Or dine at Bohemian with views of the sea and the beautiful Montgo. A promising new hotspot is opening soon here too: BiBi, in the spirit of La Nostra Gigi or Secret Garden in Amsterdam. The boulevard is vibrant and lively.

Supermarkets, bakeries, pharmacies, clothing shops—everything you need is nearby. You get the convenience of a small town, but with the holiday feeling of the beach.
