Discover the historical essence in a Hacienda that fuses tradition with modern luxury.

Immerse yourself in the rich Andalusian history in this 16th century Hacienda, where each stone tells a story and each corner breathes tradition.

With an area of 76,000 m², the property is part of the UNESCO Biosphere Reserve, offering a unique and protected natural environment.

The Hacienda, with its 2,400 m² spread over 3 floors, has been meticulously restored, preserving the authenticity of the original architecture and adding modern comforts.

The presence of a historic chapel adds a sacred touch to the property. A large reception room connects to 5 apartments, a well-equipped kitchen, a chapel and a covered terrace.

The 5 independent apartments offer unique opportunities for tourist rentals, each with its own entrance from the outside and four of them with individual terraces.

The restoration of the Hacienda received awards and special mentions, including the EUROPA NOSTRA AWARDS 2006, for its exemplary contribution to the conservation of cultural heritage.

Enjoy a large pool, your own water well, and state-of-the-art connectivity with fiber optic Internet.
