336.000€

A modern 2 double bedroom (both with wooden built-in wardrobes), one bathroom country house situated in the countryside of Coín with beautiful mountain views.

The property has marble floors throughout, an open-plan fully fitted kitchen with granite worktops, spacious living room with an open fireplace and a nice south-east facing terrace overlooking the mountains. There is also a 133m<sup>2</sup> basement which offers tons of potential! Outside is a private pool, WC and private parking.

Towards the end of the orchard there is a second building, currently used as a storage room/workshop, but again offering potential as this could be converted. The plot is terraced and has avocado and pecan trees. The road access to the property is very good.
