Upon entering the chalet, you are immediately struck by the warm and welcoming atmosphere, with plenty of natural light. The large living area features a comfortable seating area, a wood burner, and a good amount of space perfect for enjoying meals with family and friends. As well as a fully equipped kitchen and bathroom, the chalet has three good sized bedrooms, each one with its own unique charm and character. The property is laid out on one floor which makes it extremely convenient. There is also another story underneath the main building with its own separate access, that is currently being used as a storage area, and could be easily turned into a separate self-contained apartment. However the main standout features of the chalet is its outdoor area. The property is situated on a spacious plot of land, and the outside space has been thoughtfully designed to maximize enjoyment of the beautiful surroundings. The swimming pool is the perfect place to cool off on hot summer days, while the surrounding terrace offers ample space for outdoor meals, sunbathing, relaxing with a good book, or simply sit and gaze at the panoramic views of the surrounding mountains.
