

3 Schlafzimmer Villa zu verkaufen in Monóvar, Alicante

66.000€

The house has a space of 55 square meters on two floors and a storage room at the rear. It has a potable water tank of 12,000 liters plus 10 auxiliary tanks of 1,000 liters to supply consumption. The house is equipped with photovoltaic panels to enjoy the countryside almost all year round without problems (you can install batteries or a generator in the future). It offers enough comfort for living or for investments such as holiday rentals (there is growing demand), etc. In the area there are many people who raise animals such as horses, dogs,...etc.
