

## 1 Schlafzimmer Appartement zu verkaufen in Cala Portinax, Ibiza

399.000€

This lovely apartment is situated in the beautiful west of the island. It was refurbished last year with high-end quality material and decorated in Ibiza's well known Bohemian chic style. The concrete floor and the wooden elements in the interior design give the apartment a homely feeling. The flat consists of one bedroom and one bathroom. The kitchen is open and leads to the living area from where you have a beautiful view to Ibiza's famous emblem Es Vedrá. As well, a private terrace shares the amazing view. An outside community space is maintained very well and decorated with plants and invites relaxing in the sun. This is a perfect opportunity for who is looking for an all-year holiday residence that is ready to move in.
