

2 Schlafzimmer Stadthaus zu verkaufen in Pruna, Sevilla

49.000€

This cute two bedroom townhouse set on a quiet residential street in the centre of Pruna with flat walking to all the bars restaurants and shops as well as the municipal swimming pool. This lovely townhouse has a large sitting room with fire place, making a cosy space in winter with the log burner, and cool in summer with its thick cottage walls. The kitchen is through a arch to your right, with fitted kitchen and storage, and a window to the street. A glazed door leads out from the spacious living room to the enclosed sunny patio, the bathroom is just off this door. Up stairs you have two bedrooms , a double and a twin, with windows to the front. Up again to the massive roof terrace, the day I took the photos it wasn't great weather, but I can assure you the views are fabulous. A great lock up and leave townhouse, with level walking to the centre of the village, with parking close. Floor Area: 60 Bedrooms: 2 Bathrooms: 1
