180.000€

Renovated apartment just 70 meters from Acequi3n Beach!~~We present an excellent opportunity to live by the sea. This first-floor apartment, with 100 m² of living space, is located just 70 meters from the beach and offers great potential after being partially renovated. It only needs small details like doors, light fixtures, and a kitchen... nothing a little enthusiasm can't complete!~~
