79.950€

This 3/4 bedroomed, 200 sq.m town house is situated on a pretty square near the heart of San Vicente and is deceptively spacious inside. As you enter through the front door there is an attractive living room, with a bedroom off it. The corridor leads to a stairwell and a further bedroom and living room. There is a small alcove kitchen and a bathroom. A covered outside corridor in turn leads through to another kitchen with storeroom. The first floor has another living room with aspects over the square with its fountain, and another room which needs finishing. Stairs lead to a large loft space.
