

4 Cuarto Casa de Campo en venta en Monte Lope Alvarez, Jaén

170.000€

NEW PRICE.

Here we have a lovely property, built just over 12 years ago..that could offer so much so if you are looking for a family home plus a potential business this has to be looked at. Currently, it has an open-plan area on the ground floor that could be made into a shop, office, salon, café etc, so many options. There is also a large garage, plus the usual storerooms so you could even make an apartment here too as there is already a bathroom, plus access to the rear patio where there is a plunge pool, plus utility area.

The main house has 4 bedrooms on the 1st floor, one with its own ensuite bathroom. There is a nice sitting room plus fully fitted kitchen, then access out to another a lovely terrace.

The property was built to a high standard and has the benefit of having central heating installed. This would make a great family home or many options with this to create a business either commercial or create an apartment for renting out. The village is very popular as it has nice wide flat streets with lots of amenities, including bars, shops and a bank, all within walking distance of the property. The village is also not far from the larger towns of Baena and Martos.
