

Casa de Campo en venta en Elda, Alicante

195.000€

The large plots allow for a spacious home or business. In the area, there are opportunities to build a country house with its own pool. If you like animals, there are great possibilities for businesses involving horses, etc, subject to prior authorization. Ideal for businesses that want ample space and can be established on rural land upon obtaining permission (rural tourism, etc). Make us a reasonable offer for both and we will consider it.
