

Casa de Campo en venta en Jumilla, Murcia

27.995€

This is a fabulous plot situated not far from the nearest village on the side of a hill. It is just over 22,000 m² and offers fabulous views over the surrounding vineyards, orchards and regional parks. The plot itself is planted with almond trees over various terraces and both water and electricity are available in the area. This is ideal for somebody who is looking for a building plot to give them privacy with commanding views over the landscape. There are neighbours in the area, but the plot is big enough to give you as much space and privacy as you want. Access to the plot is via a track and the main town is approximately a 7/8 min drive away - the town offers all the day-to-day facilities that you might need such as 24-hour medical centre, supermarkets, sports centre complex, etc. The plot can also be an excellent investment opportunity because it has several title deeds which means that it can be sold off as separate building plots.
