

Casa de Campo en venta en Eljas, Cáceres

129.500€

A very attractive two bedroom stone built house with large open-plan living room, kitchen and bathroom set in 65,000 sq m (about 16 acres) of land with easy access and panoramic views over unspoilt countryside towards the neighbouring villages of Eljas and Valverde del Fresno (within walking/cycling distance), and Portugal. Mains electricity (to be connected) and mains water plus 2 wells. Ruins of a former animal enclosure and round, stone threshing floor. Could be immediately occupied as is, but to do any radical reforms, it would have to be declared as a business, such as B&B, riding stables, agricultural exploitation, etc.
