

4 chambre Maison de Ville à vendre dans Granada, Granada

550.000€

The property is entered via a metal gate into a pathway covered by greenery. The patio with a Granada style cobbled floor is to the left separated by mature bushes. A pathway through the bushes leads to the main house on the left. At the end of the patio is a separate single storey building housing the apartment.

The main house is comprised of:

Ground floor: entrance, spacious lounge, kitchen with all appliances, large bedroom/dining room, bathroom.

First Floor: spacious landing, 2 double bedrooms, third double bedroom/dining room, bathroom.

Second floor: covered porch with sink (ideal to create an outdoor kitchen) and large roof terrace with magnificent 270° views including the Alhambra, Sierra Nevada and Albayzin.

The apartment is on one level and has a large lounge, kitchenette, double bedroom and bathroom.

The apartment could be easily let separately as its access does not affect the main house, or it would make a great working space for anyone working remotely.

Services
