

3 chambre Auberge à vendre dans Cortes de la Frontera, Málaga

69.950€

For Sale Town house in the heart of the village of Cortes de la Frontera. Right in the center, which would make a great holiday rental or a family home as it once was. A well kept and very much loved, good size house.

A light and airy entrance where there is a large open plan living room. Behind which, the very comfortable, family size kitchen is of a good size, so much so, it has another sofa and tv set up there. And inbetween, under the stairs, there is a convenient extra WC. This is a very traditional style, Spanish home with an interior patio, which has been enclosed above. Allowing for more light to the property and an additional space just off the kitchen.

Marble stairs with a beautiful real wood banister, lead us upstairs to the three bedrooms and a family bathroom. The two double bedrooms have their own airconditioning and heating units. The master bedroom at the front of the house, also has a balcony and double glazed doors.

There is another staircase leading us up to the large storage room and secluded terrace. This storage room has a corner fireplace and would make for a lovely living space, office or both.

Worth a visit and at a very affordable price.
