

## 3 chambre Maison de Ville à vendre dans Mijas Golf, Málaga

330.000€

Unique, Andalusian-style townhouse in Mijas

Welcome to this totally renovated Andalusian-style townhouse located in the prestigious Puebla Aida in Mijas Golf.

The property has three good-sized terraces. The first is at the entrance to the house. On the ground floor are three bedrooms - this is ideal in the summer as it is cooler downstairs. The three bedrooms share a modern bathroom. One of the bedrooms has access to a cosy little courtyard.

On the first floor is a large living room with access to a south-facing terrace. From here, you will have a stunning view of the golf course and the mountains in the background. This terrace also features an electrical awning, perfect for giving a little shade during the hot summer days.

You also have a large, modern kitchen and the house's second bathroom on the first floor.

It is possible to park right in front of the property, where there is free parking for use by the owners.

Puebla Aida is a beautiful, renowned architectural residential zone built in a Moorish style, with a labyrinth of walkways and many water features. There are various communal areas, including a pétanque court and four pools. Not two apartments, penthouses or townhouses are the same, which makes them all unique.
