Urban land to build immediately a stone's throw from the center of El Vergel!

Large corner plot in a prime location with mountain views. A special opportunity if you are looking for a fantastic property with 800 m2 land or two individual houses. The motto here is to build when you want. Particularly noteworthy is the beautiful residential area close to all services and a greenway to cycle to Denia. Quiet and sunny, in front of a park and with views of Segaria. What else do you want.?!
