The vibrant, contemporary, and modern port city of Torrevieja boasts an enviable beachfront location that blurs the boundaries between city living and Mediterranean resort-style beach life like few other European cities. Playa de Los Locos, Playa del Cura, Paseo Marítimo Juan Aparicio, Playa del Acequion, and Playa de Los Naufragos are situated in the city center, offering well-maintained sections of pristine golden sand and a wealth of amenities. Torrevieja provides all necessary conveniences, including fantastic restaurants, local cafes, bistros, supermarkets, street markets, as well as excellent water sports, nightlife, and more. The city enjoys a beautiful Mediterranean climate with mild and fortunately short winters, complemented by long, warm summers that typically extend from April to November. The Alicante-Elche Airport and Corvera-Murcia Regional Airport are located 40 km north and 60 km southwest, respectively, both easily accessible within an hour by car.
