

3 chambre Maison de Ville à vendre dans Olvera, Cádiz

45.500€

It's not often we find a great property on the flat level in town, this 3 bedroom townhouse has everything you will need a fully fitted kitchen with archway through to dining room and sitting room with traditional Spanish features throughout. Upstairs there are two bedrooms and an extra walk-through room that would be a brilliant office or walk in wardrobe. Upstairs again to the third floor and there is a lovely shower room and laundry area with further rooms to the back of the property which could become either a sitting room or the third/ fourth bedroom. The Terrace looks out over the street with nice views of rooftops with mountains in the distance, you are not allowed to build a terrace now at the front of a property so this is desirable for people wanting a view especially of the easter parades that pass though this area of town.
