

4 chambre Maison de Ville à vendre dans Salinas, Alicante

125.000€

Wow, this is amazing. This row of modern townhouses was built fairly recently and this one is like walking into a brand new house. It is a fabulous blank canvas for you to make into your own so it can be a 4Bed with a Bedroom on ground level with a Guest Toilet or a standalone dining room giving you further relaxing space in the lounge. The location couldn't be better, two minutes walk from the very centre of the town and two minutes walk in the opposite direction and you are in the countryside, perfect for people with dogs and/or children. From the entrance door next to the garage you walk into the lounge or lounge/diner, depending on the way you want the distribution to work. This is a good-sized space with lots of natural light and from here, there is a hallway with a doorway into the integral garage, a Guest WC, a bedroom/dining room and a fully fitted modern kitchen with access to the patio, which is partially covered. Taking the two short flights of stairs to the upstairs where there are three double bedrooms, the master bedroom or principal in these days of political correctness, there is a walk-in wardrobe. There are two bathrooms as well one with a walk-in shower and the other with a bath. The owners are looking for a quick sale, hence the price, which is probably 25k below market value.
