

Commercieel vastgoed Te koop in Caudete, Albacete

89.995€

EN

For sale plot situated in the industrial zone central to a busy market town of Caudete. It consists of a number of commercial buildings with a good deal of outside space. It is possible to adapt the existing buildings which are in good condition or erect a new building depending on the need. The plot is situated in an area desirable for trade with the new transport route facilitating the access to major cities.

Alternatively, the plot may be converted into homes and residential space as it is bordering with a residential area.
