

5 slaapkamer Landhuis Te koop in Pollença, Mallorca

890.000€

Country house to renovate.

Magnificent rustic finca with a house of more than 200 m2 to reform set on a plot of 7700m2.

The construction is the typical Majorcan style house of about 200 years old, ideal to convert into a luxury property.

The property has the habitation certificate up to date, mains electricity with underground installation, mains water from the village, its own legalised borehole and rainwater cistern. The access road is easy and with few neighbours.

Its location is strategic: between Pollença, Puerto de Pollença and Cala de San Vicente and with excellent views to the mountains.

Come and see it, it is a special property!
