

Landhuis Te koop in Jumilla, Murcia

89.995€

A one off opportunity to own and re create a piece of Spanish history in the heart of the Vinolopo wine region This property was once a working bodega, with a build size of 800m2 with so much potential to build a stunning country house or create a business opportunity this property is semi detached It is situated in a small village close to the town of Pinoso There are stunning views of the surrounding valleys and mountains of Pinoso The upstairs has very high beamed and curved ceilings and could easily be transformed to a fantastic living space The possibilities for the ground floor are endless, there are many of the original features still in place such as the olive stone press, 2 original wine pits which could easily be converted into storage and an original oak wine press and metal press There is also a very large original ancient well with a lovely arch feature, this could be made into a fabulous dining area or a unique music auditorium with acoustics from the arched ceiling or indeed an indoor swimming pool or jacuzzi This property has the potential to be converted into a superb restaurant or unique bed and breakfast or just restored to its former glory utilising the original features still in the property This is a rare opportunity and would be the envy of all friends and neighbours when restored This is a definite must see property which will not be around for long
