The Bay Collection - El Higueron, Fuengirola Villa €2.950.000 | Contact us today to book an appointment.

Natural light, open spaces and avant-garde architectural lines come together in The Bay villas project. The Bay villas are designed for the privacy and enjoyment of their owners, integrating the construction into the natural environment.

Avant-garde design and the outdoor expression of nature combine to bring Palm 11 to life. The Unprecedented Villa. A work of architectural art that is evident in the details surrounding the villa: the Corten steel sculpture that rises from the top of the house, the Italian wood and marble kitchen, the glass windows and the open spaces that merge with the light outside.

In harmony with the natural surroundings, Palm 10 is characterised by rectangular architectural lines, large windows that flood the space with light and a majestic Mediterranean garden.
