

Land Te koop in Jalón, Alicante

75.000€

Urban plot located in Jalón, with a gentle slope and excellent open views of the valley. The location offers a privileged natural setting while being close to basic services.

Water and electricity connections are available at the foot of the plot, although not yet connected. Additional plots are currently available within the same development, for a total of 10. Price and availability upon request.

Located in the Marina Alta region, Jalón is an inland municipality with a long winemaking and agricultural tradition. The surrounding valley is famous for its spring almond blossoms and its landscapes of vineyards and mountains. It also offers comprehensive services, good connections to nearby towns, and the advantage of being less than half an hour from the beaches of Calpe, Moraira, and Denia.
